

736 Assembly Instructions

- 1) Open box and remove all included items.
- 2) Remove all protective padding from packaged items
- 3) Screw finial (decorative knob) into top section of frame. At the top of the fabric there should be a grommet, finial goes through center of grommet into the frame. DO NOT keep tightening finial. Finial does not come to a complete stop. If you keep tightening it will strip the threads.
- 4) Insert bottom pole into housing of top section. Umbrella has a push button coupling.
- 5) Once bottom pole is secure, umbrella should be inserted into base and is ready for use.

**If a bar height pole was ordered with the umbrella, you should have received two bottom poles. You must select if you would like to use the standard bottom pole or the bar height pole. You can only use one bottom pole at a time.
